Notes:

- 1. The above results have been reviewed by the Audit Committee in its meeting held on September 12, 2016 and taken on record by the Board of Directors at their meeting held on September 13, 2016.
- 2. The Statutory auditors of the Company have carried out a Limited Review of the above results.
- 3. The Company Adopted the Indian Accounting Standard ("Ind AS") and accordingly these financial results have been prepared in accordance with the recognition and measurement principles laid down in Ind AS 34 -" Interim Financial Reporting" prescribed under section 133 of the Companies Act, 2013. These financial results have been prepared in accordance with the Companies (Indian Accounting Standard) Rules 2015 (Ind AS) prescribed under section 133 of the Companies Act, 2013. The date of transition to Ind AS is April 1, 2015. The Figures for the quarter ended June 30, 2015 are also Ind AS Compliant. They have not been subject to limited Review or audit. However, the management has exercised the necessary due diligence to ensure that the financial results provide a true and fair view of the Company's affairs. The Company will provide a reconciliation of its equity for the previous year ended March 31, 2016 at the time of submitting the audited financial statements for the year ended March 31, 2017. These results have been prepared in accordance with regulation 33 of the SEBI (Listing Obligation and Disclosure Requirements) regulation, 2015 read with SEBI circular dated July 5, 2016.
- 4. Reconciliation between financial results as previously reported under previous GAAP and Ind AS for the quarter ended June 30, 2015.

- 6. The stagnant telecom industry has been, of late, witnessing several opportunities for growth. This turnaround was largely due to fresh tenancy rollouts due to new 2G /3G /4G /LTE spectrum auctioned in early 2015. Similarly, the recent entry of new incumbent operator and the forthcoming scheduled sale of spectrum by the Government have already started generating significant opportunities for business growth. The Company believes that it would be able to secure significant share in the incremental tenancies. Besides, the continuing measures taken by the Company in terms of cost rationalization and renegotiation of MSAs have benefited the Company with improved cash flows, streamlined revenues and reduction of delays in collection cycle. For these reasons and more, the Company continues to prepare its financial statements on a going concern basis.
- 7. The Company has equity investments of Rs. 1,89,682 Lacs in Chennai Network Infrastructure Ltd. (CNIL), an Associate, held through Tower Trust as on June 30, 2016 and it accounted at cost as per Ind AS 27 "Separate Financial Statements". Although CNIL has incurred cash losses and its net worth has been substantially eroded, as per the management, the Company's equity interest in the Associate based on its business plans as on June 30, 2016 support the carrying value of such investment. The Company considers its above investment as strategic and long term in nature and as per Management the recoverable amount of investment in this associates is higher than its carrying value.

- 8. The Company has entered into a Master Services Agreement (MSA) with respective Telecom Operators for a tenure upto 15 years. Invoices are raised on these operators for provisioning fees and recovery of pass through expenses as part of the said MSA. The amounts outstanding from certain operators are subject to confirmations/under reconciliation. The management is of the view that all the outstanding trade receivables and energy recoverable are good for recovery except for which provision has already been made based on expected credit loss model.
- 9. Due to various adverse developments in telecom sectors since implementation of CDR package, which were beyond management control, and owing to working capital challenges, there were delays in servicing debt obligations to secured and unsecured lenders of the Company as at June 30, 2016.
- 10. The Company continues to pursue the merger process of Chennai Network Infrastructure Limited (CNIL) with itself.
- 11. The Company is predominantly in the business of providing "Telecom Towers" on shared basis and as such there are no separate reportable segments. The Company's operations are only in India.
- 12. The Figures in respect of the previous period have been regrouped or rearranged or reclassified wherever necessary to make them comparable.
